

Press Release  
May 1990

## Premier Products Formed

Premier Products Inc. opened its doors January 2, 1990, to manufacture commercial and industrial steel doors and frames and aluminum windows. Many of these products are designed exclusively for the metal building industry to become an integral part of the exterior wall system with self-flashing features.

Premier consists of former personnel from Dittco Products Inc. of Monroe, LA. At present, there are 41 employees totaling 452 years of experience in the steel door and window industry - an average of 11 years per individual.

Premier Products purchased Dittco's fixed assets from secured lenders along with Dittco's remaining viable inventory. Warehouses are in place in Atlanta, GA, and Houston TX, to supplement Premier's service to customers. With experienced personnel on-board, who realize the importance of quality, service and price, customers can purchase with confidence. Contact the Monroe, LA office at (800) 962-6517; the Atlanta, GA office at (770) 944-1006; and the Houston, TX office at (713) 690-0435.

Circle #355 on reader service card.
